

Congress of the United States
House of Representatives
Washington, DC 20515-4006

April 28, 2022

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Calhoun County Emergency Operations Center in fiscal year 2023 from the Subcommittee on Homeland Security under the FEMA - Emergency Operations Center grants account.

The entity to receive funding for this project is Calhoun County, located at:

Calhoun County
Emergency Management Agency
201 Mill St.
St. Matthews, SC 29135
SC-06 Congressional District

The funding would be used to build a new Emergency Operations Center to serve as the central point for county emergency response agencies to manage response and recovery efforts for any major disaster in Calhoun County.

This project is an appropriate use of taxpayer dollars and would ensure that Calhoun County has adequate facilities to carry out essential response and recovery efforts and position Calhoun County as a resource for emergency service professionals, statewide. I certify that neither I nor my immediate family has any financial interest in this project.

With kindest regards, I am

Sincerely,

James E. Clyburn
Member of Congress (SC-06)
